DISCOVER

CRISTAL[®] reVive

CRISTAL Fit[®] widens its field of action and proposes a global management of the feminine intimate well-being.

CRISTAL reVive[®] is a unique and highly efficient device. Using the High Intensity Electromagnetic Muscle Stimulation technology, it stimulates and rehabilitates in depth the pelvic floor muscles.

CRISTAL reVive[®] allows you to help your patients reclaim control of their body in an effective and totally safe manner.

TECHNOLOGY

High Intensity Electromagnetic Muscle Stimulation

Unique and customizable treatment parameters.

Adjustable intensity.

EFFECTIVENESS

A new way to significantly improve the strength and endurance of the pelvic floor muscles.

COMFORT

Totally painless and comfortable treatment.

SATISFACTION

Restored autonomy in just a few sessions - satisfied patients.

BROAD FIELDS OF ACTION

Effective treatment for the improvement of symptoms related to urinary stress incontinence and/or urge incontinence.

MADE IN FRANCE

Product designed and manufactured in France. All spare parts and suppliers are from France.

INNOVATIVE TREATMENT

that allows women to quickly regain their self-confidence.

#reViveYourself

15 to 40% OF WOMEN

experience bladder weakness 2 months postpartum.¹

+ 28% OF WOMEN

experience urinary incontinence 2 years after giving birth.²

1/3 OF WOMEN

suffer from urinary incontinence during their lifetime, resulting in a significant decrease in quality of life, isolation, increased anxiety and even depression.³

TREATMENT PLAN

FOR WHAT PATIENT?

Any woman experiencing urinary incontinence.

DURATION?

30 minutes on average.

HOW MANY SESSIONS?

6 to 8 sessions are recommended, according to the issue identified.

SESSIONS FREQUENCY?

Twice a week depending on post-session results.

DOWNTIME?

CRISTAL reVive® does not trigger any side effects and requires no downtime.

1. Pelvic muscle at rest.

2. Induced electromagnetic field & muscle stimulation.

3. Forced and intense muscle contractions resulting in muscular strength and endurance.

THE NEW INNOVATION BY CRISTAL Fit®

that revolutionizes the management of women's well-being.

CRISTAL reVive® is equipped with the CRISTAL Fit® technology (CE2797) which uses a high intensity electromagnetic field.

PRINCIPLE OF ACTION

High Intensity Electromagnetic Muscle Stimulation (HI-EMMS) has been used for several years to rehabilitate the pelvic floor muscles in a non-invasive manner.

During a treatment session, motor neurons polarize and depolarize, resulting in supramaximal muscle contraction. It induces micro-lesions in the muscle, triggering muscle growth.

CRISTAL reVive® treatment is a revolution in the management of women's well-being through the prevention and restoration of the loss of tone in the pelvic floor.

TENFOLD EFFICIENCY

The forced and intense contractions generated by the electromagnetic fields are involuntary and gradually increase the strength and muscular endurance of the perineum.

CRISTAL reVive® treatment uses a specific range of frequencies that does not allow muscle relaxation between two stimulations. One session allows thousands of intense and deep contractions of the perineal muscles, essential in the rehabilitation of urinary incontinence.

PAINLESS TREATMENT

CRISTAL reVive® treatment is totally painless. Unlike electrical stimulation, the intense electromagnetic field generated by the device does not activate the nociceptors (pain receptors). It therefore offers a pleasant quality of care, without pain or sensation of muscle fatigue.

For greater effectiveness, it is possible to adjust the intensity of the treatment according to the patient's tolerance level.

CRISTAL FIT® TECHNOLOGY FOR PELVIC FLOOR

INTENSITY

CRISTAL Fit® offers the highest intensity in Tesla per applicator on the market, to achieve very intense muscle contractions for greater results.

DEPTH

Thanks to its high intensity and specific pulse frequency, CRISTAL Fit® allows to treat all areas of the body in depth for homogeneous and lasting results.

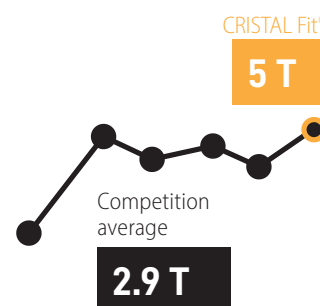

PULSE DURATION

CRISTAL Fit® allows longer contractions through its 420µs pulse duration, maximizing the treatment efficiency.

The benefits of CRISTAL reVive® :

- ✓ Non-invasive, no intrusion, pain or anesthesia
- ✓ Automated protocols
- ✓ Adjustable parameters
- ✓ Independent operator
- ✓ No consumables
- ✓ Fast and efficient results
- ✓ No recovery time needed
- ✓ Satisfaction of your patients
- ✓ Training offered

WHY CHOOSE CRISTAL REVIVE®

Unlike other perineal rehabilitation methods, **CRISTAL reVive®** offers an effective, comfortable and non-intrusive treatment program.

PRECISION

Precise and perfectly targeted treatment area

CONFORT

Comfortable position during the whole session

PERFORMANCE

CRISTAL Fit® applicator

- 5 Tesla
- Pulse duration 400 μ s

HYGIENE

- Antibacterial, antifungal, fireproof and waterproof pleather finish.
- Quick cleaning without removing the covers

STYLE

- Aluminum body, sleek and simple design to fit any treatment room

PREMIUM INTERFACE

- Simple and intuitive interface
- Advanced features
- Pre-recorded protocols

MOBILITY AND SAFETY

- 4 independent wheels 360°
- 2 brakes
- Medical compatibility

PREMIUM INTERFACE

SMART SOFTWARE

Its large screen and intuitive interface facilitate all your CRISTAL Fit® treatments. This device is also equipped with advanced features to support you throughout the treatment plan:

- Patient files recorded directly on the interface;
- Pre-recorded protocols according to the area to be treated;
- Ultra-precise adjustment of parameters (treatment time, frequency, intensity) for optimum results.

THE DIFFERENT STEPS OF CRISTAL REVIVE® TREATMENT

STEP 1

A treatment plan is prepared based on the patient's needs.

STEP 2

During the session, the patient keeps her clothes on and remains comfortably seated in the center of the chair.

STEP 3

She can concentrate effortlessly on the induced muscle contractions, promoting awareness and better perception of the pelvic muscles.

STEP 4

A significant improvement in quality of life and well-being can be observed from the first session and improved over the following weeks.

CRISTAL[®]

reVive

With over 600 units in France and around the world and over 1,000,000 treatments performed, CRISTAL[®] is now the reference and the European leader in Body-Layering[®].

CRISTAL[®] range is enriched with CRISTAL reVive[®] treatment which uses CRISTAL Fit[®] High Intensity Electromagnetic Muscle Stimulation device to stimulate and re-educate the pelvic floor muscles in depth.

CRISTAL reVive[®] Dispositif Médical de classe I est rattaché à la technologie CRISTAL Fit[®] Dispositif Médical de classe IIa.
Ce dispositif est un produit de santé réglementé qui porte, au titre de cette réglementation, le marquage CE2797. Conçu et fabriqué par Deleo (France) Pôle d'Excellence, 239 via Nova, 83700 Fréjus. Se référer à la notice d'utilisation pour toute information relative au dispositif CRISTAL reVive[®].
